10 points

WIND OF CHANGE: FROM GLOBAL TO LOCAL

In a rapidly evolving world, the global economy is experiencing a profound shift - a 'Wind of Change' is sweeping through industries and markets. Are you ready to not just adapt but thrive in this new economic landscape?

The Majestic Hotel, KL

Mar 7 (Thurs)

ESG STRATEGY IN SUPPORTING BURSA MALAYSIA'S PLC TRANSFORMATION PROGRAMME

Designed to help participants understand and implement ESG strategies in line with Bursa Malaysia's PLC Transformation Programme. It draws insights from the second guidebook published by Bursa Malaysia and includes practical case studies of both global and local PLCs to illustrate best practices and real-world applications.

Key focus: Changing the mindset on ESG from largely compliance oriented to one where ESG considerations become drivers for enhanced resilience, improved competitive advantage and is able to create value for all stakeholders.
