# E-Invoicing

## Answering Your What and How

Malaysian Inland Revenue Board (MIRB) recently released the e-invoicing guidelines, version 2.1. With mandatory enforcement beginning in August 2024 for businesses that record a sales threshold of RM100 million per year and July 2025 for all businesses, this initiative also seeks to enhance tax compliance, increase efficiency in tax collection and address tax leakages resulting from the shadow economy. Since e-invoicing will become mandatory for all taxpayers regardless of sales threshold from July 2025, taxpayers should understand the e-invoicing implementation concepts, prepare for the date required and get ready for e-invoicing implementation.
